

Tamworth Herald: MP Christopher Pincher blasts HS2 for being "unfair" on Tamworth residents

Tamworth's MP has blasted HS2 after voting against the proposals in Government earlier this week.

Christopher Pincher, who admits plans for a new high speed rail link are likely to go ahead, said it will have a severe impact on communities in Tamworth.

He said: "My constituents are not nimbys. They tell me that if the business case stacked up, if the mitigation was right and if the compensation on offer was fair, reasonable and quick, they would accept the proposals. They would not like them, however, but they would accept them in the national interest.
